DATALINE DATASAFE - 53 LTRS

DATALINE DATASAFE - 90 LTRS

DATALINE M

## DATALINE DATASAFES

### Convenience

- Three convenient sizes to choose from - 10, 53 and 90 litres - for enhanced storage capacity. In this category, the 10L and 53L safes are larger than many other comparable safes
- Adjustable shelves to suit all your requirements
- Provision to fit additional accessories, such as shelves and sliding trays. Sliding trays on ball-slides for easier access (optional)
- Castors to add mobility

### Fire fighting capabilities

- Subjected to the industry's testing standards, Dataline safes have proven their mettle even under the most stringent examination conducted at Underwriters Laboratories, USA, Central Building Research Institute (C.B.R.I.) Roorkee, India:
  - Listed at UL for 60 minutes for Fire Endurance, Fire and Impact, as well as Explosion Hazard as per UL - 72. Class 125
  - Designed to withstand temperature of approx. 1000 C° (1800 ° F) as per Bureau of Indian Standards S:14562:1998
- Tested for Magnetic Interference by ERTL, Mumbai. This test is unique to Godrej Dataline range of safes

### Long life

- An excellent 12-tank pre-treatment unique to Godrej, followed by a high-quality Polyurethane paint gives a scratch-resistant and long-lasting finish
- An aesthetic, multi-functional laminated top blends well with your office decor

### Security

- Two 10-lever high security cylindrical locks for added security

### DATALINE-M DATA CABINET

Dataline-M, introduced by Godrej, has a cabinet-inside-a-cabinet type of construction in which the external shell is Fire Resistant. The inner shell has resilient packing all around its periphery, that seals the door of the inner shell against the body of the inner shell. A strong shooting bolt, tongue-and-groove construction and Godrej dual central locks complete the picture.

Dataline-M Data Cabinet has proven its mettle under the most stringent examination conducted at C.B.R.I. Roorkee. It has also been tested for Fire Endurance and Fire & Impact. Dataline-M is the only C.B.R.I. certified product for data storage (floppies, cartridges and CDs) in that size range in India.

TAKE NO CHANCES

Underwriters' Laboratory, USA.

# Hardworking Protection for your software; *Peace of mind for you.*

The Datacabinet comes with accessories that include:

1. 4 adjustable shelves
2. a. Locker cabinets  
b. Flap door compartments
3. Unlockable pull-out trays & lockable pull-out drawer units

4. Single and double row wire partition for storage of tape reels
5. Optional combination lock

A combination of any or all of the above, wherever possible, can be made available. Item 1 comes as part of standard equipment. Items 2-5 are optional and can be provided at an extra cost.
