

Premium Coffers & Cash Box

PREMIUM COFFERS

Designed for protection of cash and valuable possessions like jewellery, share certificates, business documents, etc., Godrej Premium Coffers are ideal for use in small business establishments and homes. They offer dual convenience - strong, reliable protection and easy accessibility.

Some Unique Features of Godrej Coffers are:

- Body has a single plate multibend construction with its back plate fixed inside the back flanges of the body. The front edges are double-bent for extra strength and rigidity.
- Solid steel plate door hung on rigid concealed pivots which closes in such a way that it is recessed in the body, making it jemmy-proof. The rear edge of the door also acts as a continuous bolt, preventing the removal of the door even if the pivots are cut through.
- Two shooting bolts on the front edge of the door engage the adequately reinforced jamb. This sturdy bolt work mechanism is secured by a Godrej 6-lever unpickable lock protected by a hammer-and-drill resisting armour plate.

- Four drilled holes in the bottom plate for convenient fixing on a table counter or even a shelf of a cupboard.
- Four holdfasts are provided for embedding it into a wall.
- Oven-baked enamel for attractive and lasting finish.
- Godrej' dual control Gordian lock and / or coin slot with coin tray can be provided at extra cost.

CASH BOXES

Godrej' Cash Boxes are designed for protection of a limited amount of cash which needs to be kept handy for everyday use. They are ideal for use in small shops and offices, restaurants, petrol pumps, departmental stores, cinema houses, cash collection centres, etc. At homes they can also be used for safe keeping of jewellery meant for daily use.

Some unique features of Godrej Cash Boxes are:

- Body built out of single plate using multibend construction and electrically welded for greater strength and rigidity.

Round the clock protection for your *(valuables)*

- Bottom plate welded to the body from the inside making its dislodgement impossible.
- Rigid steel lid, double bent along its locking edge and mounted on solid concealed pivots, making it virtually tamper-proof.
- Detachable anchor plate provided at the bottom allows easy fixing and unfixing of the cash box at the place of use i.e. table, counter, shelf of a cupboard, etc. A single turn of the key is sufficient to lock or unlock the lid and anchor plate simultaneously.
- Sturdy locking mechanism actuated by 6-lever Godrej' unpickable lock with stainless steel keys in duplicate.
- Oven-baked enamel paint for attractive and lasting finish.
- Snug-fitting, removable, 3-compartment tough plastic coin tray provided as standard accessory.
- If required, Godrej' dual control Gordian Lock and / or coin slot can be provided at extra cost.
