## Safe Deposit Locker Cabinets

Godrej Safe Deposit Locker Cabinets (SDLCs), designed to the most stringent specifications, are manufactured in a modern, well-equipped plant - the largest of its kind in the country. Godrej's uncompromising quality standards and rigidly controlled manufacturing processes result in Cabinets that are superior in all aspects - security, reliability, strength and aesthetics.

### **Solid Steel - for Unmatched Strength**

The Cabinets are structurally very strong, because they are fabricated from plates of prime quality tested steel. Godrej uses precision tooling made in their own state-of-the-art Tool Room for manufacturing the sheet metal components of the Cabinets. This ensures tighter tolerances and greater accuracy. The meticulous welding carried out by skilled workmen gives the Cabinets uniform strength and rigidity.

### **Solid Steel Door for Greater Protection**

A unique feature of the Godrej Safe Deposit Locker is that both the main lock and the Renter's Personal Lock are totally protected by the solid steel door, with no part of the locks protruding outside. Thus totally eliminating chances of the locks being hammered in.

### **High Security Locks**

The lock - the most important part of the locker is fitted with a high precision, unpickable, dual control 7-lever

lock. All the locks are fitted with phosphor bronze springs and are also interchangeable, so that locks of vacated lockers can be changed easily.

### **Additional Security**

Godrej SDLCs have a provision for retrofitting an additional **Renter's Personal Lock** built in 6-lever lock. This special lock is provided with a unique key for ensuring additional security.

**Padlocking Hasp** can be fitted on all Locker Doors to enable the renters to use their own padlock beside rendering additional security to the door.

### **Wide Range**

The Godrej SDLCs are available in 10 different types of lockers and there are over 1600 configurations. Moreover, Godrej can also provide cabinets in non-standard heights and widths, with the depth unchanged, to aid vault makers make optimum use of available space.

### **Complete Anti-Corrosion Treatment**

All steel components are given a 12 stage anti-corrosion treatment followed by rust inhibiting paint. They are then given a coat of high quality enamel paint, with an attractive long-lasting oven baked stipple finish.

Godrej manufactures a complete range of security

*You get this against theft...*  
**(Solid Protection)**

equipment to give you unmatched protection in every walk of life. From tang bars for enhanced fortification of the RCC walls of strongrooms that can resist drilling and explosives, to a wide range of strongroom doors, grill gates, emergency doors, ventilators, fan cages and other accessories for strongrooms.

**Certification**

- As per IS 5442:1991
- Approved & Listed by the Bureau of Indian Standards (BIS)

**Locker Cabinet Models and Configurations**

Model of Cabinet	No. of Models in each type												Total No. of Lockers	Net Wt. (Approx.)	
	A	B	2A	D	2B	4A	2D	4B	2B1	4D	4D1	kg.		lbs.	
	A	B	C	D	E	F	G	H	H1	L	L2				
1	66		6			3						75	695	1532	
1A	90											90	715	1576	
2A		46			2			2	1			51	605	1334	
2B		60										60	655	1444	
3				28			2				2	32	535	1179	
4											10	10	475	1047	

**Specifications**

Locker type		Height		Width		Depth	
		(mm)	(Inches)	(mm)	(Inches)	(mm)	(Inches)
